DETAILED ACTION

Allowable Subject Matter

1. Claims 27-31 are allowed.
2. The following is an examiner's statement of reasons for allowance: with respect to claim 27, in addition to other limitations in the claim, the prior art fails to teach, disclose or render obvious the applicant's invention as claimed, particularly the feature describing wherein ratio number of the first logic gates included in the first circuit block to number of all logic gates in the first circuit block is higher than ratio number of the first logic gates included in the second circuit block to number of all logic gates in the second circuit block.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
4. Usami (5,818,256) discloses a combinational logic circuit having a plurality of low threshold gates and a plurality of high threshold gates, but no teach of a two circuit blocks each having a plurality of logic gates and second logic gates with different threshold voltage transistors and no ratio number between the first logic gates of the first circuit block and the second circuit block.
